Back-End: *Node.js, Express.js, React, MVC (Model View Controller)*
Databases: *MySQL, MongoDB and Firebase*
Version Control: *Git/Github and GitLab*

PROJECTS

- **Event App** | link to project
  - Created an Event App to find events going on which is like Ticketmaster based on TicketmasterAPI and a GeolocationAPI.
  - **Role**: My role for this project was to connect the Ticketmaster API and I also worked on the CSS portion with another partner.
  - **Technologies used**: HTML, CSS and Javascript.
- **Crystal Collector** | link to project
  - A game that adds crystals together to match the randomly generated number based on Javascript.
  - **Role**: This app was a fun build I did alone..
  - **Technologies used**: HTML, CSS and Javascript.
- **findafriend** | link to project
  - Created backend app called "findafriend" that is a dating app that matches you up with a partner based on a survey taken then compared it to other users profile.
  - **Role**: This was a solo project.
  - **Technologies used:** Node.js, Express.js and MySQL.

PROFESSIONAL EXPERIENCE

Custodian 2016 - 2018
Elk Grove Unified School District Elk Grove, CA
Consistently strived to ensure both the school and grounds were meticulously maintained according to state and federal guidelines. Intense focus on keeping an open line of communication with coworkers, staff and students.
Key Accomplishments:
- Built solid, strong relationships with staff of 75 and 600+ students. This collaboration allowed for a productive workflow.

Marine Engineer 2014 - 2016
Blue & Gold Fleet San Francisco, CA
Marine Engineer responsible for the maintenance of 17 ferry and cruise vessels in the fleet. Maintenance consisted of oil changes, engine repairs, responsible for all electrical systems, responsible for all water systems (freshwater and sewage), and everything cosmetic from stern to bow.
Key Accomplishments:
- Selected by supervisor to assist in an engine rebuild. This labor intensive task is known to be extremely stressful due to the unforeseen problems that often arise during the rebuild. The rebuild went smoothly and completed on time.

EDUCATION

Bootcamp Certificate: UC Berkeley Extension, San Francisco, CA
- A 24-week intensive program focused on gaining technical programming skills.
- COMPSCI 854 - Full Stack Web Development Bootcamp. Course includes: HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, & ReactJS.
